**After-School Enrichment**

The early start and end to the St. Therese school day allows students to explore new interests after-school. The after-school program is designed to bring experts to STS, and provide educational and FUN classes immediately after school. Classes are designed with a specific age-range in mind and most have a class maximum.

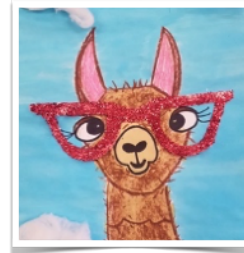

Please be sure to check with your student before signing up! ASE is a privilege, and we want to ensure all students are interested in the class before online registration.

Watch for more classes offered later in the fall and into the winter months.
